

ZAP-IT

Product # 150

Kills annual and perennial weeds

This ready-to-use, non-selective herbicide kills all types of broadleaf and grass weeds. It will kill the entire plant – roots, stems and leaves – but only when it is absorbed by the foliage. It deactivates on contact with the soil and will not leach through the soil to damage desirable plants.

Use as a Spot Weed Control Around:

- Trees
- Patios
- Vegetable and flower gardens
- Flowers
- Walkways
- Bushes
- Driveways
- Shrubs
- Fences

Effective Against

- Broad leaf weeds
- Grasses
- Annual and perennials weeds

Features and Benefits

- ZAP-IT is the herbicide for those who need a non-selective "spot" weed killer around landscaped areas
- Kills most forms of plant growth without damage to the soil
- Effects are visible in only 1-2 weeks
- Only works when it is absorbed by the foliage, deactivates on contact with soil

Properties

Appearance.....	Amber Liquid
Fragrance	Slight
Ready to Use.....	Yes
Specific gravity.....	1.01
pH.....	7.1-7.5
Application.....	Sprayer adjusted to large droplets

One Gallon treats 300 Square Feet

Directions

Complete directions on product label
Apply when weeds are small and actively growing, older mature weeds may require reapplication of the herbicide.

Spray foliage until thoroughly wet, but not past the point of runoff. If a desirable plant is nearby, a piece of cardboard or plastic should be used to shield the plant from the spray.

Authorizations: EPA registered product

Ingredients

	Amount
Glyphosate.....	0.96%
Inert Ingredients	99.04%

Safety

Caution: May cause moderate eye irritation. Avoid contact with eyes or clothing. Keep people and pets out he treated areas until sprays have dried. Keep out of the reach of children.
